TEI GUIDELINES CH.12

CRITICAL APPARATUS

<app> (apparatus entry) contains one entry in a critical apparatus, with an optional lemma and usually one or more readings or notes on the relevant passage.

@type classifies the variation contained in this element according to some convenient typology.

<lem> (lemma) contains the lemma, or base text, of a textual variation

<rdg> (reading) contains a single reading within a textual variation.

@wit (witness or witnesses) contains a space-delimited list of one or more pointers indicating the witnesses which attest to a given reading.
